

Curriculum vitae of Prof. Eugenio Brambilla:

Born in Melzo (Mi), on May,14, 1962. He graduated as Doctor in Dental Surgery at the University of Milan in 1986.

From 1989 to 2000 he was Clinical Instructor, then Assistant Professor at the Department of Medicine, Surgery and Dentistry S.Paolo, University of Milan.

From 2000 he is Associate Professor at the University of Milan where he is course director for Restorative Dentistry (Riabilitazione Orale I), graduation course in Dentistry and Dental Prosthetics, Faculty of Medicine and Surgery.

From 2012 he is Director of the Restorative and Endodontics Department, Dental section of the IRCCS Galeazzi Orthopedic Institute.

He's member in the Commission for the assessment of extra-CEE graduations.

He has contributed to National research projects (CNR) for the study of disease factors involved in the dental caries prevention.

He collaborated to the European Union Research Framework COST program, Action B8 – Odontogenesis (1996), Operative Unit I1, actions WG3 and 4.

He was affiliated to the WHO Collaboration Center for Epidemiology and Community Dentistry in Milan until 2005 (http://www.ccoms-mi.it/ccoms-mi.it/Collaboratori_Partners.html).

He organized three annual national congresses (Dental Research and Clinics: the Simplification, November 2014; Dental Research and Clinics: the Synthesis, November 2015, and Dental Research and Clinics: the Innovation, November 2016) dealing with the mutual interactions between research and clinics in Restorative Dentistry.

His research activity is mainly intended to define the biological interactions between dental restorative materials and the oral microbial flora.

Since 1987 he has published 64 research papers totalling 669 citations and an h-index of 13.

He was author or co-author of 8 books, and translated to Italian 5 books.

Starting from 1989 he presented more than 30 oral communications and more than 30 poster presentations at national and international meetings, including the International Association of Dental Research (IADR), the Academy of Dental Materials (ADM), the European Association of Dental Public Health, World Congress on Dental Trauma, Fédération Dentaire Internationale and annual meetings of the Italian national societies of Endodontics and of Conservative Dentistry.

He was invited speaker at 8 conferences, including the 17th International Congress of the Italian Academy of Conservative Dentistry (AIC), the 11th congress of the National Council of Dental Hygiene schools, and the international meeting "Fluoride - seen from different perspectives", Amsterdam, the Netherlands, November 2000.

He directs the research activity of the Oral Microbiology Laboratory, University of Milan, actively collaborating at national and international level with the following research groups:

- University of Trieste (Prof Milena Cadenaro)
- University of Bologna (Prof. Lorenzo Breschi)
- Università del Piemonte Orientale (Prof Lia Rimondini)
- Georgia Regents University (Prof. David Pashley, Prof. Franklin Tay)
- University of Tennessee (Prof. Franklin Garcia-Godoy)
- Leipzig University (Dr Sebastian Hahnel)

- Osaka University (Prof. Satoshi Imazato)
- Hebrew University - Hadassah, School of Dental Medicine (Prof. Erwin Weiss)
- The University of Queensland (Prof. Lakshman Samaranayake)
- University of Zagreb (Prof. Ivana Miletic)
- Oregon Health Science University (Prof. Jack L. Ferracane)
- University of Sao Paulo (Prof. Roberto R. Braga)

Activity as a Referee:

- Member of the editorial board of the Journal of Dentistry since 2016;
- Member of the editorial board of the American Journal of Dentistry since 2016;
- Member of the editorial board of Minerva Stomatologica since 2013;
- Reviewer for National and International journals (Journal. of Dentistry, Archives of Oral Biology, American Journal of Dentistry, Minerva Stomatologica, Dental Cadmos) since 2000.
