

Surname: Maroni

Name: Paola Maria

E-mail: paola.maroni@grupposandonato.it

Scopus Author ID: 7004648765

ORCID ID: 0000-0002-3444-9338

Researcher ID: B-1366-2017

Education and work experiences

2007-present: Senior Researcher at IRCCS Galeazzi Orthopaedic Institute, Milan - Italy

March 2017: Italian National Scientific Qualification as Associate Professor in General and Clinical Pathology

July 2017: Italian National Scientific Qualification as Associate Professor in Applied Biology

In the past:

-Research Fellowship Telethon Istituto Auxologico Italiano, Milan, Italy.

-Research Contract (Assegno di Ricerca D.R. n. 199539 04/07/2000), University of Milan, Italy.

-Post-Doctoral research fellow, University of Milan, Italy.

-Research Fellowship at the Institute of General Pathology from “Fondazione Anna Villa Rusconi”.

-PhD in Experimental Pathology University of Milan, Italy.

-Stage at the “Institut für Biochemie und Molekularbiologie” University of Bern, Switzerland.

-Degree in Biological Sciences at the University of Milan, Italy

Research experiences

Present: -Molecular and cellular mechanisms that favour the bone tropism and the development of osteolytic metastases from breast cancer;

-Role played by biological (HGF and TGF β) and physical (hypoxia) stimuli in the invasive growth and in bone metastases formation;

-Epigenetic regulation of gene expression responsible for the plasticity of tumour cells

-Interaction of tumour cells with stromal cells.

Past: -Acute-phase response in the liver;

- Liver heat-shock response;
- Ischemia-reperfusion injury in the liver;
- Liver prolactin response;
- Signal transduction mechanisms induced from leptin in peripheral tissue;
- In vivo heat-shock response in the brain.

Scientific productivity

Author of more than 50 papers in International peer-reviewed journal and attendee as author to 35 international and national conferences.

Editorial activities

Editorial Board member of:

IUBMB Life

Biomedicines

Ad hoc reviewer for several high impact international journals.

Professional membership

Member of Italian Society of Pathology and Translational Medicine (SiPMeT)

Technical skills and competencies

Experiences in the field of molecular biology, biochemistry, cellular biology and *in vivo* experiments (manipulations of mice, xenograft model preparation and treatment). Histological and immunohistochemical analysis; immunofluorescence techniques; stable and transient transfection; ELISA; luciferase activity assay.

Bibliometric indices (December 2018)

Total Citations 1549

Total IF 195.43

H-index (Scopus) 22
